## 1978 SUMMER PLAYGROUND A SUCCESS IN ALL RESPECTS

The summer of the 1978 playground program turned out to be a marvelous one in all respects, according to Gail J. Sysko, Playground Director. Total registration added up to 134 (as compared with last year's 75); daily attendance averaged around 45 with nearly equal numbers of girls and boys (as compared with last year's daily average of 29); a peak attendance day this summer was 55 (last year 46); entrants to the 1978 Playground Olympics numbered 45 (last year 41); even the weather co-operated quite well for the most part!

The overall program this summer was far better than last year. To start off, a picnic table was purchased by the Recreation Board for the playground; then a great variety of arts and crafts supplies were added.

The program was expanded to include many more special events. These were: a Doll Carriage and Bike Parade for the pre-schoolers; Friday Morning Theatre, with a play put on by the playgrounders; a Creative Writing Competition; a Creative Drawing Contest; the Mini-Match, a day full of low-key competition; the grand finale: Playground Olympics where the children competed for ribbons and trophies.

Also new this year was the Continuing Local Artists Series. This is a plan to bring to the playground local persons proficient in the Visual and Performing Arts. Persons who volunteered for their time this year were: guitarist Lyn Bristol; Tri-County Family Day Care representative Marlene Myers (arts and crafts); The O. C. C. S. Puppeteers; and guitarist Rob Noll and his wife, Patty. These people added a whole new dimension to the program with their enthusiasm and love for their art and for children. New artists and performers will be needed in the years to come. Anyone interested in volunteering one hour (or more or less) of their time for sharing their talents is encouraged to contact the Playground Director, Gail Sysko, or anyone on the Recreation Board.

**Goals and Objectives of the Playground Program**  
The program is designed for children in grades kindergarten through fourth grade.

## TELSTAR ATHLETES GEARING UP FOR FALL SEASON

Telstar Regional High School athletes are back in full swing as the football, cross-country, and field hockey squads prepare for the 1978-79 year. This fall promises to be one of the best in Telstar's history. The football squad lost only one letterman from a solid team. The defending state champion Hockey squad lost only four starters. And, the cross-country squad returns several outstanding performers from the 1977-78 championship squad.

Brian Flynn, head football coach, welcomes back virtually the entire squad from the 1977-78 team, which compiled a 3-7 record in the rugged Mountain Division of the Mountain Valley Conference. Due to the elimination of football at two MVC schools, Telstar has been shifted to the Valley Division. That shift, combined with the large number of veterans on the squad, could result in a winning season for the Rebels football team.

Last year, the Telstar hockey squad scrapped its way to a state championship after finishing second in the MVC. This year's squad, coached by Sally Hannon, hopes to win both the MVC and the state championship.

## TELSTAR MIDDLE SCHOOL PHYSICAL EXAMS

All Telstar Middle School boys and girls who have not yet had a physical examination and plan to participate in any fall sports should call Mrs. Wuori at the Middle School office, 824-2582, and make an appointment. The physicals will be given during the Teacher Workshop days: Tuesday, Sept. 5, 12-2, and Wednesday, Sept. 6, 8:30-11:30 and 12:30-2.

At last fall's banquet, the Telstar coaches presented two state championship trophies and one MVC trophy. This year, the coaches hope to have even more hardware on display.

John Applin has a way of developing championship teams, so the loss of several stronger runners may be overcome as Telstar strives to win its fourth straight MVC title and third consecutive state crown. With Mike Friel, John Clukey, and Mike Morrill returning, John Applin has some outstanding front line talent. However, to win the championships, Applin will have to develop some depth.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met on Monday evening, Aug. 21, and acted on a long and varied agenda.

David Myers and Richard Littlefield met with the Board to discuss their applications for weapons permits. Both applications were approved.

The Goodspeed Oil Company was awarded the gasoline bid for the period Sept. 1, 1978 to Aug. 31, 1979. Brooks Bros. was awarded the #1 fuel oil bid and Ripley and Fletcher was awarded the #2 fuel oil bid for the same period. All bids were awarded based on low bids.

The Board also awarded a bid for a Tag-Along Sweeper to the R. C. Hazelton Co. at a low bid of \$4,498.

The lease for Town Office space with the Bethel Savings Bank was signed for the period July 1, 1978 to June 30, 1979. Rent for the period is \$175 per month, an increase of \$25 per month over last year.

The Board approved invoices totaling \$6,857.19 from the DuBois & King Company on the sewer planning work, signed corrective orders with Harold Clukey and Burton Newton for the hangers at the airport, and received notification from the Maine Forest Products Council that the Town Farm woodlot had been designated a Tree Farm.

A public hearing was held regarding Special Amusement Permit Rules and Regulations. Three citizens were present to express their concern over noise around the establishments having entertainment after closing hours. After discussion the Board directed the Manager to work with Attorney Gordon Clukey in drafting a new section which would state that hours of entertainment would not extend beyond the legal serving time for liquor.

An informal request from residents of Route 232 for the Town to seek approval from the Town of Woodstock for them to use the Woodstock dump was denied. It was suggested that the individuals concerned seek arrangements with the Town of Woodstock themselves.

An application from the American Legion for them to conduct a game of chance called Sealed Tickets was denied. It was the consensus of the Selectmen that the majority of local residents would be against having this form of game in the community.

Pursuant to a request from Robert Chapman to connect to the Town Sewer on Paradise Road, the Board recommended to Mr. Chapman that he install a septic system on his lot and that if he wanted to connect to the sewer, he would have to do so according to the Town's Sewer Rules and Regulations and at his cost.

The Manager estimated that his cost to connect to the sewer would be much greater than for him to install a septic system. The Board completed a Maine Municipal Association Mail Ballot

## SPECIAL SESSION ISSUES SUBJECT OF VOTER SURVEY

Paul McGuire, Democratic Legislative Candidate for District 63, has announced the initiation of a voter survey pertaining to the main issues which are likely to come before the special session of the Maine Legislature this September. According to McGuire, the majority leadership considered it vital to accumulate as much popular sentiment as possible before the session opens, and has undertaken the survey for this purpose.

In attempting to make the questionnaire as easily available, McGuire has secured the assistance of stores throughout the legislative district. The pamphlet, entitled "Taxation, Spending — and The Maine Constitution," will be available by the week end at the following businesses:

Andover Variety, Dave's General Store, Mills' Market, Bethel IGA, Fern's Country Store, Head's Store, L & F Country Store, Prim's Pharmacy, Gilead General Store, Hanover, Howe's Store, Magalloway Plantation, The Trading Post, Roxbury, LeBlanc's General Store, Robbins' General Store, Nancy's Store (Roxbury Pond), Sumner-Litchfield's General Store, Topp Country Store, Upton — Judkins' Store, Woodstock — The Village Store.

Hopefully, voters will take advantage of this opportunity to register their opinions on these general questions. Results will be released as soon as they are tabulated. Deadline for return will be Sept. 1, 1978.

concerning issues related to pending State action on tax limitation.

The Manager notified the Board of James Young's resignation as Landfill Operator effective Sept. 3. The next meeting of the Selectmen will be Monday, Sept. 11, at 7 p. m. in the meeting room of the Bethel Savings Bank.

## PLANE ASSISTS IN CONTROL OF TUESDAY WOODS FIRE

The Bethel and Waterford Fire Departments were called at about six o'clock early Tuesday evening for a woods fire in Albany in the vicinity of the Bumpus Mine about one-half mile into the woods from State Route 5.

Private planes from Fryeburg and Bethel were called to locate a road leading to the fire area. The plane from Bethel was piloted by Dr. James Hudson with David Myers directing firefighters into the fire area by walkie-talkie radio from the aircraft. Mr. Myers is a member of the Bethel Fire Department.

District Ranger George Hill of West Paris, assisted by Ranger Meisner of Andover, directed firefighting operations and due to early discovery and the quick response of both fire departments, the blaze was under control in less than an hour.

The Waterford department had one tank-truck at the scene with Bethel responding with one tank-truck and a 4x4 grass-firefighting unit.

Ranger Hill stated there had been 12 small woods fires in the district on Tuesday and unless there was rain soon in the area the alarms would become even more frequent.

## T.R.H.S. STUDENT LEADERSHIP CONFERENCE TO BE HELD AT SUNDAY RIVER INN, AUG. 29-30

The newly elected student council and class officers at Telstar Regional High School will attend a student leadership conference on Aug. 29 and 30 at the Sunday River Inn in Newry.

The conference, organized by Dr. Wayne F. Garson, principal at Telstar, will attempt to develop leadership skills in those students who were elected to leadership positions. Several Telstar faculty members who indicated an interest in working with student officers will also participate in the workshop.

The conference will involve some outdoor experiences, team activities, planning sessions, and learning activities. The goal of the conference is to develop a strong student government, to improve student spirit de corps at Telstar, and to get ideas from the student leaders on how to improve the activity program at Telstar.

## Greenwood City —

— Mrs. Colista Morgan, Corres. —

The woodchucks still sun themselves on the gray whaleback rocks in the pasture. I saw one as I climbed the hill one day. The foolish fears of what might happen, I cast away among the clover scented grass, among the new mown hay.

I noted the delicate veil of mist that softened all outlines. The pond water danced and sparkled. As summer ages, the fields have a new grace. Every nook is lavished with Queen Ann's lace.

I sat motionless on the old wall breathing in pure odors of the new hay. I was relaxed, aware of all the little sounds around me enjoying the peaceful calm of the distant hills.

I wasn't quite prepared for the rising and falling of the hum of flies, which I presently heard. Until you sit at the edge of the forest on a still summer day you do not realize the number of insects buzzing about. They walked twigs, investigated debris, and droned forward and back in short flights. They were in various places and their sizes were as small as a gnat to the bigness of the bluebottles. One walked on my knee then took off by my ear seeming to make a tremendous buzzing sound. So, because of the stillness these insects seemed the noisiest things around.

A crown of clouds floated just above the mountain tops in the west. It is well to view the world sometimes just to see the beauty such as the clouds, the butterflies, the lacy ferns, and flowers at every turn, and forget its species. Each shadowed glen reveals so many treasured things. Beauty is silent.

I saw spiders among the rocks carrying their egg cases, another reminder that little creatures were planting their seeds during the closing season.

As I climbed higher, I discovered that many of the rocks were covered with carpets of hulls and fragments of seeds. These are golden days of plenty for rodents, their harvest time. When I looked out across space, down from the highest pasture there was the usual magnificent view except for the brown of thirsty grasses in spots. The brook and the pond looked a bit languid, panting for water.

After going to the border of the last field, where the last grass was being cut, I turned back.

Again I had visited these treeless fields, under drifting clouds, surrounded by mountains in the sunlight, realizing that summer is drawing close to autumn. I had witnessed the last fraction of blooms of this section for the year.

Nothing special happened on my way home except the sight of the lovely little leaf wings, butterflies, as they fluttered and shone, weaving in patterns of color against the green foliage.

Then I came to the divide line between the pasture and the Bulldozer Road, a barbed wire fence. I had to make a decision of going through or rolling under. I chose the latter this time; made it, but looked up to see a squirrel in the old apple tree, smirking at me, as if to say, "You deserve it. Stop trespassing!"

On Friday, Aug. 18, Ann Holt received her Master of Education degree at the commencement exercises, University of Maine, Orono. Her parents, Mr. and Mrs. Leonas Holt, and I went up for the day.

Mr. and Mrs. Milton Inman and Geoffrey left on Saturday for a week at the seacoast.

Ruth Hastings called on me before she left for Montana to visit her son, Edward and family, for two weeks.

On Tuesday Ann Holt and I attended the Delta Kappa Gamma picnic at Sara Pepper's cottage, West Paris.

Scott Hayes returned to New York with his uncle for a visit and will go to Colorado with them soon.

At the Hayes Homestead all is quiet this week for all relatives and friends have returned to their homes.

Monday. A lovely morning, temperature in mid 50's. A little light rain early Sunday, but cleared and a nice day. We do need some rain in this area for gardens. Some report forests in Maine are quite dry.

The people I've reported ill are all improving. Frances Bennett is able to walk out on the lawn by using her walker. Ruth Gilbert who came home from Stephens Memorial Hospital on Friday is now improving. Paul Head is also getting in strength and looking better as the days go by. Carla Bennett is reported coming along good since coming home.

We extend our sympathy to Mrs. Catherine Gordon of Albany in the loss of her trailer home by fire the past week. Mrs. Gordon was away at the time. She was attending the fair at North Waterford when she received the report. Nothing was saved. She said she lost so many things that never could be replaced. Mrs. Gordon is staying at present with her daughter and family, the Stanley Gordons. Mrs. Gordon lived in West Bethel before moving to Albany. She sold her place here to Mr. and Mrs. Alfred Leighton of Albany.

Recent callers of Mrs. Frances Bennett and her sister, Mrs. Evelyn Arenburg of Haverhill, who is staying with Mrs. Bennett, for awhile were: Mr. and Mrs. Carl Richardson of Monmouth; Mr. and Mrs. Bigelow and two children of Haverhill, N. H.; Mr. and Mrs. Albert Baird of Gorham, N. H.; Mr. and Mrs. Jack Bennett of Shelburne, N. H. They also had several local callers the past week.

Mr. and Mrs. Ralph MacArthur of Grafton, N. H., were in town on the week end to visit relatives. They went to Berlin, N. H., to help his parents move to a new apartment on Saturday.

Miss Roberta Gilbert of West Bethel and friend Mrs. Ralph Lugo of Carolina - Puerto Rico, enjoyed a trip on Tuesday of last week through Pinkham and Crawford Notches, New Hampshire. Mrs. Lugo, who is visiting in Maine, was pleased to have a chance to see Mt. Washington and the surrounding mountains and country.

Week end guests of Mr. and Mrs. Wendall Roberts were Mr. and Mrs. Peter Seames, Locke Mills, on Sunday and Mr. and Mrs. Edwin Bumpus, Farmington. Mr. and Mrs. Roberts joined the Clayton Swan's for a clam and lobster supper Sunday night.

Walter Grover is working on the basement of West Bethel church. New walls, ceilings and a new floor. There will also be a nursery where people with small children can leave them while they attend the church service. The work is reported coming along very good.

Mr. and Mrs. Ronald Arquette of Mr. Vernon were guests Saturday of her parents, Mr. and Mrs. Richard Walker.

Mrs. Dorothy Hale, Mr. and Mrs. David Hale were camping at Crocker Pond on the week end.

Cathryn Lovejoy had her grandchildren, Rebecca and Christopher West, to care for Tuesday night thru Wednesday, while their parents went to Togos.

Mrs. Edith Cummings of Salt Lake City, Utah, arrived early Thursday for a visit with her cousin and wife, Mr. and Mrs. Alanson Cummings. Friday Cathryn Lovejoy joined them to study Cummings genealogy in the Bryant Pond area. Saturday they called on the Mansfield Packards on North Pond.

Mrs. Edith Cummings of Salt Lake City was the guest soloist at the Church Sunday. She sang "Rest in the Lord" and played her own accompaniment.

Robert Davis returned Aug. 16, from a five-week trip to the Giant Redwoods in Oregon and California. Along the way he dug Harkins "Diamonds" at Middleville, N. Y., Amethyst near Thunder Bay, Ont., and back combed for Thompsons near the Grand Marais on the west shore of Lake Superior.

He picked up Agate and Petrified Wood at the waters edge of the Yellowstone River in Montana; dug Thundereggs at the Friday Ranch and picked up Obsidian from the road cuts in Oregon. On the way back, he dropped south for the Quartz Crystals this area is famous for. Davis said it was very hot for the entire trip, being 90° (105° on the Nevada Desert) every day except the time near large bodies of water, like Lake Superior and the Pacific Ocean. Therefore, several field trips were canceled in favor of mining with a "Silver Pick" in several rockshops which sold the goodies of the various localities. He visited several National Parks and Monuments, including Theodore Roosevelt in North Dakota, Yellowstone and Grand Teton in Wyoming; Craters of the Moon, Idaho; Crater Lake, Oregon; Redwood and Yosemite in California.

Mrs. Dorothy Hale, Mr. and Mrs. David Hale were camping at Crocker Pond on the week end.

## North East Lovell

— Pauline Smith, Corres. —

Mr. and Mrs. Kermit Merrill spent the week end at their home. Mr. and Mrs. Paul Fox and Karen called on Iva Fox Thursday.

Mrs. Helen Grimwood of West Lovell had dinner at Hazel Allen's this week.

Esther Harriman called on her mother, took her to the Lovell parade Saturday. They said it was a good one.

So dry, I never saw the brooks and rivers so low; yes, and wells are fast going.

The chickadees are back, very happy. Perhaps they are a lesson to us all; even on a winter day they find something to sing about. The firemen had a large crowd at their chicken supper held at the Center Church grounds.

Mr. and Mrs. Leroy Smith took the day off Monday, went to Wilson's Mills. Roy fished on the Magalloway River, as usual we called on friends. Many have gone on. We miss them.

George Porter of Sandwich, N. H., had dinner with Mr. and Mrs. Carl Estes and grandson, Sunday evening.

Several attended the turkey supper last Thursday night at East Stoneham Church.

Albert and Mary Fox, three children, called on their mother, Iva Fox, Friday, after camping out a week.

Iva Fox called on Elsie Morey Sunday afternoon.

Margie and Rick Gail and daughter were at their camp for a few days from Rochester, Mass.

Margie is the daughter of Dug and Helen Church, very good friends of ours, both have died of cancer. What a disease, and to die so young.

Thank you one and all

## Northwest Bethel

— Clarice Gibson, Corres. —

Another cool morning; but if it runs true to what it has been probably by afternoon it will be terribly humid and hot. Last week I wrote that it rained all week end. It should have been all Saturday afternoon. The lawns are all drying, crops are drying up, and wells are going dry. Frank and I got the pump going Saturday and it looks as though the vine crops might still survive. The 21st was our son George's birthday and I came home on our third anniversary. When I told Frank what day it was the only comment from him was "What! We have been married three years and only have two children!"

Pat Saunders and Hahons are trying to get as much of the garden taken care of as possible, because vacation is fast coming to an end.

Dick and Richard Angevine went with Mr. and Mrs. Ernest Angevine to Canada on a fishing trip with others from Bethel area. They left at 4 a. m. Saturday morning.

Mr. and Mrs. Everett Saunders and Richard had as week end guests his sister, Mrs. Dick Tyler and Richard of North Berwick.

Saturday evening Iva Gibson and Robert Saunders went to Rumford.

Sunday, Robert Saunders went to visit friends and Sunday evening Iva Gibson and Jody Shimamura went to Rumford to the movies.

Alden and Jimmy MacDougall went to Rangeley Lake fishing on Friday.

Mr. and Mrs. Robert Stearns went to the Newton-Tebbets mill picnic at Abbott's Anchorage last week end. The company furnished lobsters, clams, steaks or whatever you picked from the three. The Stearns took their new camper and spent Friday and Saturday night at the Anchorage.

The couple who are renting the Elmig-Clay house are Mr. and Mrs. George Guinness from Vermont. She is slated to be the new guidance counselor at Telstar and he is a free-lance photographer.

Mrs. George Monahan from Brookline, Mass., and her mother, Mrs. Peter Ryan from Berlin, N. H., were guests of Mr. and Mrs. James Monahan, Aug. 16.

Mr. and Mrs. Danny Hannon and two girls visited friends in Hampton, N. H., over the week end.

What a lot of changes; Besides the Frank Murphys' place, Dr. and Mrs. Leonard Shaw are clearing for building the old Mason place between Shimamura's and Labans' has been bought by Raymond Chapman, the Danny Gibbs' place is fast going up as is the Ronald Glines place. Last but not least they have been painting the fence green down at Riverside Cemetery.

Tommy Gibbs has been helping his brother Danny with his house.

Mr. and Mrs. James Monahan entertained at a Saturday night cookout: Mr. and Mrs. Charles Mason, Carole and Melinda, Mr. and Mrs. Chuckie Mason, Jennifer and Charles IV, Mrs. Monahan's sisters, Kay McMillin, Edna Curtis, and Evelyn Merrill. Mr. and Mrs. Sam McCoy also came in the evening.

Monday I picked up Aunt Sara at her house and we all had dinner at Mr. and Mrs. George Allen's. After dinner Dad and I were going to take Iva to work and then go to Lewiston. We were still within sight of the house when we heard a bumping sound—a flat. Iva changed it for us. On the way back I stopped at sales as I am trying to pick up enough odds and ends of blue willow to make a set, finally found a few pieces.

Add one or more unfortunate incidents.

Set over a good fire.

## Enjoy Your Inflation Hedge

The best way to get people to talk about economics is to have prices skyrocket. People who worry about inflation aren't kidding; the problem is real and serious. But what can we do to protect ourselves?

If you are a homeowner, you are doing it unknowingly because one of the safest and surest hedges against inflation is the ownership of real estate. Your "shelter" expense will stay fairly steady even in times of rising prices. The monthly payments on a mortgage don't change at all.

If you decide to sell, you can

be confident—except in a forced sale—of getting back more money than before inflation hit. And, if you're in need of cash, your rising equity in your home increases your potential borrowing power. So, if you're a homeowner, you've been an effective economist all along and didn't know it.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

1978 SUMMER PLAYGROUND

continued from Page One

through sixth. It is to provide a place for these children to play in a supervised area where they will enjoy singular and group activity. They will learn new skills: physical, mental, social and artistic, through the varied program of low organized games and sports; arts and crafts; musical, dramatic and nature oriented activities. They will learn co-operation and group effort in non-forced situations while being free to choose between a number of things to do. In many cases they will for the first time learn to play with other children, and always they will make new and close friendships by shared joyful experiences. They will learn justice as each child is treated equally, and they will learn sharing as each child of necessity must have and miss out on choice opportunities. And perhaps best of all, the playground is to be a "place to go" during a time of year when the children are separated from their friends in this rural community.

Perhaps the chief goal is to provide a setting for maximum learning of new skills and en-

joyment of wholesome activity for the greatest number of area children. It is incidental yet equally important that the school is put to use during the summer season.

## FALL FOLIAGE TRAIN TRIP

—PORTLAND TO ISLAND POND SCHEDULED SUNDAY, OCT. 1

The 18th annual fall foliage passenger train trip, sponsored by the 470 Railroad Club of Portland, has been scheduled for Sunday, Oct. 1. This always popular rail excursion will operate between Portland and Island Pond, VT., and return over the tracks of the Grand Trunk Railway. Three diesel locomotives will pull the 18 car special of air-conditioned coaches through beautiful Maine, New Hampshire and Vermont mountain scenery at the height of the fall foliage season. The tri-state train will take individuals, family groups, sightseers, rail fans and photographers through

breath-taking White Mountain notches by way of Gorham and Berlin, N. H., and on to the Connecticut River Valley at North Stratford. The train then crosses the river and heads through Essex County, Vt., to a destination of Island Pond. Photo stops have been scheduled throughout the day to allow passengers to capture the fall colors of northern New England. The popular stop at Stark, N. H., has again been included so that the passengers may view the old covered bridge and church.

The train will depart the Grand Trunk Station site at the corner of India and Commercial Streets, in Portland at 8 a.m. EDT, and will return to the same location about 7 p.m. The train will stop for passengers at Danville Jct. and South Paris, in both directions.

Tickets are available from Ron Johnson, 470 Railroad Club, P. O. Box 2493, South Portland, Maine 04106. Adult tickets are priced at \$29 and children's tickets are \$19 (5 to 12). Seats on the train aren't reserved, but there will be a seat for every ticket sold. Traditionally, the excursion is a sell-out, so ticket sales will positively cease when train capacity has been reached. Cancellations cannot be made after Aug. 31. Please enclose a stamped self-addressed envelope with ticket requests.

Mrs. Mabel Robertson is a surgical patient at St. Mary's Hospital, Lewiston.

## FRIDAY GIFT SHOP TO BE OPEN FOR TWO MORE WEEKS

The Friday Gift Shop will be open just two more weeks this season, on Aug. 25 and Sept. 1. Just a reminder that this is a good place to shop for Christmas gifts, and for donations to the Rumford Hospital Fair.

The train will depart the Grand Trunk Station site at the corner of India and Commercial Streets, in Portland at 8 a.m. EDT, and will return to the same location about 7 p.m. The train will stop for passengers at Danville Jct. and South Paris, in both directions.

Tickets are available from Ron Johnson, 470 Railroad Club, P. O. Box 2493, South Portland, Maine 04106. Adult tickets are priced at \$29 and children's tickets are \$19 (5 to 12). Seats on the train aren't reserved, but there will be a seat for every ticket sold. Traditionally, the excursion is a sell-out, so ticket sales will positively cease when train capacity has been reached. Cancellations cannot be made after Aug. 31. Please enclose a stamped self-addressed envelope with ticket requests.

## LT. COL. CLANTON NOW STATIONED AT SCOTT AFB, ILL.

U. S. Air Force Lieutenant Colonel Norman G. Clanton, whose parents are Mr. and Mrs. Norman B. Clanton of San Antonio, Tex., has arrived for duty at Scott AFB, Ill.

Col. Clanton, an advanced operations concepts analyst with a unit of the Military Airlift Command, previously served at Hickam AFB, Hawaii.

The colonel, a 1958 graduate of Thomas Jefferson High School, received his commission in 1961 through the aviation cadet program. He earned his bachelor's degree in 1975 at Chaminade College of Honolulu.

Col. Clanton's wife, Sylvia, is the daughter of Mrs. Verna B. Dyke of Bethel.

Harold Rolfe has been hospitalized for further treatment at St. Mary's Hospital, Lewiston.

**WALKING WITH JESUS CHRIST**  
Throughout the year our beautiful State of Maine is treated to the beauty of God's Creation—in particular, during the late summer season there is for us a delightful display of wild flowers in wonderful design and color—there are berries, fruits and vegetables in abundance ready to be gathered in to sustain us during the winter months when the Lord displays more of His handiwork—beautiful snowy scenes.

Our woodsmen laboring in wet snow up to their armpits do not agree that its so beautiful—nor does the summer gardener and farmer as they learn it is true that God said "by the sweat of your brow thou shalt earn thy bread and bear children."

Yet it wasn't always this way—for in the beginning all nature was in harmony for man—the first-fruits of flowers was everywhere—no thorns or thistles to bother us when we pick blackberries—the lion was at peace with the lamb. Genesis 1. All this was destroyed in man's rejection of God—and man still refuses to acknowledge God as his Lord and Master and His plan for us—a perfect peace and fruitful life.

God will not be frustrated by our inattention to Him and His Word—for time will prove His promise of a return to a pollution free environment where He will gather the believers into a garden—a new earth—where a new heaven Christ will reign and joy will abide—where the wolf and lamb shall feed together, Isaiah 65. What a promise!

For the one who studies God's Word we learn of another promise, Revelations 3, where the true believer—the overcomer will be received in the eternal Heaven by Christ Himself—to be fed and clothed among the richest treasures—far beyond our imagination, in the city of my God which is a new Jerusalem.

These promises are for all—everyone—if as in vs. 20—we open the door of our heart and let Jesus come in—accepting Him as Lord of our lives—to be His child forever and ever in glory. We can—can truly—have a life of peace with understanding—now, and on that day when we leave this earth be joined with God to forever praise and thank Him for His love to us.

### WEST BETHEL CHILDREN'S CENTER

We've been quite busy here at the Center for the past week or two with many different activities and field trips. Last week we all went to Reid State Park and had a great day. This week we are going to McDonald's in Rumford for a tour and lunch. The week before last everyone had a fascinating tour of the Rumford Fire Dept. (Our many thanks to them—all the children were impressed to say the least.) We have gone swimming at Camp Agape on Twitchell Pond all summer thanks to Bernard Brooks of Greenwood.

Our proud Star of the Week this week is Sulai Buchanan. She is sharing many wonderful things with us. For activities we've been easel painting, doing water table, playing with table toys, using the woodworking bench, the block area, the housekeeping area, playing different games, going on nature walks and using hand instruments—so we've been quite busy.

Mr. and Mrs. Rodney McAllister were Saturday night supper guests of his parents, Mr. and Mrs. Albert McAllister. Monday night callers there were Mr. and Mrs. Ed White.

Things continue to be about the same here at K-D's Acres. We are busy harvesting the gardens and filling the wood shed. Callers here last week were Margaret Barton and her mother, Mrs. Grimmer, Polly McAllister, Paul and his friend Joey, and Carol Miller.

Sunday night we had a cook out with my family in Bryant Pond. Dan stayed with his grandparents for the week.

**Mrs. Arline Bernier, Corres.**  
Bob and Dotty Moore of Ohio are visiting his sister, Coleen Chittum and Ray.

Lots of folks have helping hands—One young man recently used his to help himself to some short timbers Roland uses in unloading machinery. As he picked them up beside his expensive vehicle, Roland got within speaking distance and suggested firmly that he return them. The man gave the most inane answer I've heard in some time—"Oh, I didn't know they were yours!" and with that remark he got in his van and drove off.

Other helping hands have removed perennials, including roots. This and other "helpful" deeds helped to get an early removal of a hedge which had grown beyond beauty into a clump of nuisance trees.

Judy Bennett had an uninvited companion while she picked blueberries. The landowner carried a revolver when he went berrying afterwards in case Judy's very black companion wanted to argue over anything.

A meeting was held Saturday at the schoolhouse for those who wish to protest their taxes. The Stanley Roseman house burned early Sunday a. m. It is under investigation.

Mr. and Mrs. Fernald Bernier of Lewiston called on Roland Tuesday.

Gilles Viens is building a drive-

way for Donald Scott. Mr. Viens has finished his work in Berlin, where he was employed on the hospital construction.

A housewares party at Brennon's was well attended.

Everett Eames is doing backhoe work and hauling gravel for the Harris family for a boat landing.

Mae Pederson returned home after a few days in Upton to attend to some personal business.

Charles Heywood presided over the meeting with the purpose of discussing future use of the church. The conversation concentrated on important issues such as the best and least liked food of each while waiting for some later. Following that, the group mostly talked of financial condition and needs for repair and maintenance of the building, and a few pledges were made. The question of what the building will be used for if and when it is made more fit and trim were scarcely touched and we are left to wonder if it will revert to the glory of God or be used for the pleasure of mankind.

Jennifer and Vicky Hutchins of Andover visited their aunt several days.

The bead class was held Monday with a large class. The next meeting is Aug. 28.

Dwight Williamson of Veazie was badly hurt in the woods working alone. He drove his skidder a mile and got help. His hospitalization will require surgery and will be followed by an extensive lay-off. His wife and child-
